COOPERATION

ANTI GALA 2023

## ANTI GALA

Join us on a journey to support  
the important work of  
Elephant Cooperation

OCTOBER 27

7:00 PM - 12:00 AM

# WHO WE ARE

Elephant Cooperation takes a “cooperative” approach of researching, vetting, and funding organizations with existing programs to collaborate with the shared mission of saving the African elephant. Our goal is to create healthy, balanced, self-generating communities where both animals and people live in harmony.

Booths, tickets, and sponsorships purchased at Elephant Cooperation Anti Gala are considered tax deductible.  
Elephant Cooperation will provide donor with a detailed receipt after the event.

# YOUR INVOLVEMENT MATTERS

Urgent action is needed to address the pressing challenges that much of Africa is facing. Human encroachment has caused significant habitat loss, and while animal corridors continue to shrink, human elephant conflict continues to rise. Poverty and lack of infrastructure in neighboring wildlife areas only worsen the situation. Your donations empower communities, preserve biodiversity, and support innovative, long-term solutions for the people and animals of Africa.

Together, we can shape a better future where humans and wildlife harmoniously thrive. Attend, sponsor, or contribute to the Anti Gala event and make a difference in conservation.

# AFRICAN GEMS

Gems contribute to the economic growth of African countries, serving as a valuable source of revenue through exports and attracting investments. Gemstone mining and trade create job opportunities, especially in rural areas, supporting livelihoods and fostering development. Here are some gem-level sponsor opportunities for the Anti Gala to support Elephant Cooperation's mission.
